About Us

Dave 
The Decorator 

Dave The Decorator began life as a registered painting & decorating business in the UK in 1997. After moving to Mandurah in 2009, we expanded the business to include tiling and general DIY, gaining a reputation for providing reliable, high quality results to developers, landlords, business & home owners.

Having worked with a wide range of customers over the years, we became aware that one of the greatest problems our clients faced was finding reliable, knowledgeable tradies who understood what they wanted & could coordinate with other trades to finish the job on time and to budget.

As business owners ourselves we understood the challenges trades have working with others on site, making sure the correct materials arrive on time and were of the right quality. We also worked with some of the best plumbers, plasterers and brickies in Mandurah and saw what makes them successful.

We decided to put this knowledge to good use to solve our clients dilemma - We manage the whole project, coordinating all the trades, make sure the materials are on site when needed & providing a single point of contact so the work is completed on time and to your satisfaction.

By using tradies we know & trust, we can ensure the job goes smoothly & the end result is exactly what you hoped for.

That's why we call ourselves the [Complete Renovation Service](#).
